3 lbs.	1 1/2"	7"	
5 lbs.	1 3/4"	8"	5 or 6 per carton

Sledges and hammers available in decimal or dozen units

RED-E-PAK cartons simplify handling and warehousing

Warehousing and shipping problems are greatly simplified for you with decimal units of Red-E-Pak handled tools. The sturdy corrugated cartons stack securely because the weight is carried on the hammer heads. Packed 5 or 10 to a carton with "Heat-Treated Hickory" handles already inserted into the red striking heads. Bold legible end markings facilitate inventory counting. You will deliver Klein-Logan Red Head sledges and striking hammers to your customer in A-1 shape, for they will be clean and free from head scratches and gouge marks, safely protected in this fully enclosed pack.

Without handles, too!
